- Sat 27 Mince & cabbage. A lovely sunny day – not much heat of course – but otherwise a perfect summer day to look at from inside. Made Coconut Meringue Slices.
- Sun 28 Fry. Fiona tells me she has now become formally engaged to her boy friend of 4 years standing. We have met him briefly several times. He is of Indian parentage though he was born here and a practising Hindu. His complexion is darker than ours though I have seen people coming home from such as Spain whose skin is sun-tanned darker than his. His name is Neil (which apparently means blue in India) but his surname is obviously Indian. She spelled it out for me but I'll need to ask her again. Please God everything will go well for them.
- Mon 29 Pie & mince. Bitterly cold night and early morning. 2l milk up 5p to 90p (3l £1.30). Mothers Pride Plain Bread back up in price to 75p from 49p.
- Tue 30 Frozen fish & chips. Tried to follow cooking instructions but can't say it was successful. The fish wasn't nearly hot enough & the chips not much better. If there is a next time, I will defrost first & then heat them up in the microwave. Not too cold but very damp.
- Wed 31 Salad. Again, not actually very cold but even the air felt damp.

## February

- Thu 1 Wet all day. Steak stew , cauliflower. Got candles out for tomorrow. Computer arrived – one parcel missing.
- Fri 2 Presentation – Candlemas – Blessing of candles before Mass. Exposition 1.30 – 2 pm. Missing box arrived. Computer now complete and working. Salmon & green beans.
- Sat 3 St Blaize blessing after mass. Another dull day. Very little rain, but dampness in the air. Mince & cabbage with a little cauliflower.
- Sun 4 Fiona appeared early to tell us she is engaged to Neil RAJORIYA, her boyfriend of some 5 yrs standing. He is a Hindu. His parents are not keen on the match. They are immigrants. She phoned Mary from here to tell her. Paul, Moira & P.M. here later. Chump chops & rice. I had forgotten P.M.'s birthday yesterday so I made good the deficit.
- Mon 5 3.25 pm Quarterly visit to Dr John. All well. Phoned Mgt to tell her of Fiona's engagement. Moira's aunt Mary Dougan dies. Pies & mince.
- Tue 6 Phoned Mgt to arrange week tomorrow. Bought roast chicken for dinner tomorrow. Tomorrow not suitable, decided on Thursday. Haddock.
- Wed 7 Celtic beat Rangers 3 – 1 in CIS Cup semi. 2R, 1C ordered off – 11 yellow cards – mayhem. Our roast chicken was passable but could have been much better. Confirmed Croftfoot.
- Thu 8 Croftfoot cancelled, Gerry unwell, upset stomach. Sensation – Aherne had arranged to see Sunday's Old Firm league game & after it to formally dedicate a memorial at Carfin to the victims of the Potato Famine. One Roy, MSP member for Hamilton, takes it on himself to write to the Irish Govt. claiming this latter activity might trigger off sectarian unrest & it would not be wise to fulfil the engagement. Aherne deeply offended, cancels. Mary phones to say she'll be up on Saturday if she can book a seat on railway.
- Fri 9 Aunt Mary Dougan buried, Lennoxton. More sensations: It seems now that several leading Labour figures connived to send that letter.
- Sat 10 Mary coming by coach. Arriving 7.40 pm, Buchanan St. John went to meet her. The Carfin affair – news now of secret meetings in spite of earlier denials. Reid, Liddell up to their ears in it. Even the sky is in tears. It has poured all day. Mary arrived half an hour early. Mince & sprouts.
- Sun 11 9.30 Mass. Family already here when we got home. Paul & P.M. went away about 12.30 for Celtic – Rangers match. Mary went round to Mt. Vernon with the others about 1 pm. (Celtic won 1 – 0, Ricksen sent off.) Mary arrived back as I was dishing out. Steak pie.
- Mon 12 Mary straight into town after Mass. Back about 4.30. Lovely day. Quite mild. Chump chops & creamed rice. Mary doesn't like rice. She had fruit. She went round to give Moira shopping. Back late.
- Tue 13 Mary went home today. Went into town about 10.30 to window shop till her coach left at 12.30. She phoned about 8 pm – safe home – no trouble. Smoked haddock & sprouts.
- Wed 14 Funeral this am – a premature birth who only lived one day. Mince & pies.
- Thu 15 Cold but generally dry. Salad. School (2 classes at Mass)
- Fri 16 Cool, Frost early. Funeral, Exposition. Salmon, pots, green beans.
- Sat 17 Misty morning, cleared up to a lovely day. Phoned Croftfoot – both well. Arranged to call on Thursday – check first. Mince & tatties.
- Sun 18 Forecast says like today. Moira not here this morning – sore throat. Fiona here slightly later. Chump chops & rice.
- Mon 19 Same weather. In garden for 1½ hrs. Pies & mince.
- Tue 20 Still frosty, misty early, clearing to sunny later – all wrong. It started & stayed damp, dull & miserable all day. Funeral this morning. Made marmalade. Karen came in down from Dundee. She has moved in with Michael but she seems to be a bundle of contradictions. She has no stability of purpose – doesn't know what she wants to do, doesn't see how she can ever get a settled job, thinks her personality is antagonistic. She has nothing solid on which to build. God help her, for she's in no state to help herself. Haddock & peas.

Wed 21 Sunny but cold.  
 Thu 22 Same weather.  
 Fri 23 Fell into electricity trench. Two knuckles split wide open. Spent day in GRI Accident & emergency being cleaned, stitched, hand X-rayed, tetanus jabbed from 12 noon till 4 pm. John's arrangement with Dave spoiled. Moira & Paul round in evening to comfort the sick. No set tea – I had scrambled egg.  
 Sat 24 Appearance at Mass quite sensational. Pat Tracey got us back to normal standards. He burst out laughing. Stewing chops & cabbage.  
 Sun 25 Main bandage came off during night. All needs replaced. Paul, Moira, P.M., Fiona here this am to "view". Stew & sprouts. Tried rosemary – made no difference.  
 Mon 26 John took in two suits for cleaning – one bloodstained. Will go to clinic & hope nurse will re-do my bandage till Friday. I went to clinic. The nurse is not supposed to deal with anything without an authorisation card from doctor. However I coaxed her & seeing the mess the bandages were in she changed them for me, & told me how to get a card for her to take out the stitches on Friday without actually going to see the doctor. So that settles that. Stewing chops & cauli.  
 Tue 27 Snow overnight. Not too bad here but very bad to north even as close as Easterhouse. Central heating acting up. Getting a man to look at it this afternoon or tomorrow morning. Wore wellies to Mass this morning – very very cold. Wore wellies this afternoon to library & back. Busy streets had been walked clear of snow & walking in wellies on dry pavements was very heavy work indeed. No further snow, but more promised. Foot & mouth disease erupting all over England, Wales & Scotland. Cattle, sheep & pig carcasses being incinerated all over the place. Movement of stock forbidden. Town dwellers asked not to go into the countryside. Ramblers asked to give up rambling till the foot & mouth is eradicated. Two funerals this week. Tripe & onions.  
 Wed 28 Ash Wednesday. Mary phoned last night. She and Brian are going to Manchester on Friday then to Spain on Saturday for a fortnight. Central Heating started to misbehave on Monday. John phoned Scottish Gas who said our maintenance was not renewed last December. Phoned a local man, Citygas (Yellow Pages). Came this morning about 11, took boiler apart & cleaned it up & found a pinhole in gas pipe to pilot light. Left about 2. Hopes to be back with a replacement part (which he has to make) and complete the job first thing tomorrow morning. Herring & potatoes. Brilliantly sunny day but bitterly cold. Paul starts a new job today – consultant with computer firm. Not too keen – too much driving.

Tue 13 Asked Fr Woods to say a Mass for Jenny & one for Wilma. Herring.

Wed 14 Told Jenny about the Mass. She said it was a lovely thought and asked me twice if she was supposed to give a donation to the Church. She took some convincing that the answer was NO. Did not attend Parish Assembly. Tripe & onions. Made tablet.
